SENIORS PRESENT COMMENCEMENT PAGEANT TUESDAY

SUNDAY MAY 23, 6 P. M.

From The Owl.
The Baccalaureate for the 1937 graduates of Hondo High School will be held Sunday, May 23, at the twilight hour. The sermon will be delivered by the Reverend W. C. Dickey, pastor of the First Presbyterian Church of Uvalde. The Reverend W. S. Highsmith, pastor of the local Methodist church, will give the invocation. The Scripture will be read by the Reverend W. C. Leibfarth, pastor of the local Lutheran church, and Reverend James W. Askew, pastor of the local Baptist church, will give the benediction.

Special music will be furnished by Margaret Ann and Evelyn Knopp, and a choir composed of members of the choirs of the various churches of Hondo.

The program is as follows:
Processional.
Invocation—Rev. W. S. Highsmith.
Anthem—Choir.
Scripture—Rev. W. C. Leibfarth.
Special.
Sermon—Rev. W. C. Dickey.
Anthem—Choir.
Benediction—Rev. Jas. W. Askew.
Recessional.

AT 8:00 O'CLOCK P. M., MAY 25.

"Education Marches On" is the title of the pageant to be presented by the Senior Class Tuesday evening, May 25, at the High School auditorium. This program is unusual in that its style is different from any ever before presented in Hondo High School.

The pageant is conducted along the line of development of education in Hondo. It gives a detailed and interesting history of the Hondo schools and their activities from 1883 until 1937. The seniors will prepare their own speeches.

QUIHI GUN CLUB CELEBRATES.

A record crowd enjoyed the day on the Quihi Gun Club grounds last Sunday, the occasion being the annual prize shooting and Pentecost basket picnic.

The crowd began gathering early and the shooting started at 8 o'clock. After the judges totaled up and compared the scores, prizes for marksmanship were awarded as follows:

Frank Brucks, first; Henry J. Boehle, second; Alfred Breiten, third; Andrew Oefinger, fourth; and Joe Boehle, fifth.

Besides the well-filled baskets brought for the dinner, choice barbecue and other refreshments were sold on the grounds all day.

A spirited ball game at 2 o'clock, between Rio Medina and Quihi teams, claimed the attention of baseball fans and contributed in no small measure to the entertainment of those present.

A day of social enjoyment, family reunions and renewals of old friendships and acquaintances ended with a grand dance at night for which the San Geronimo Night Owls furnished the music.

The management is well pleased with the large attendance, the general good order and the friendly spirit of comradeship that marked the occasion throughout, from early morning until late at night.

HIGHWAY IMPROVEMENTS FOR D'HANIS.

The Highway leading through the town of D'Hanis is to be widened, additional drainage outlets for flood waters are to be opened through the roadway, and a walk is to be constructed for pedestrians along the southside of the Highway from the public school building to town, for the convenience and safety of the school children. Contracts have been approved and construction is expected to begin in about twenty days. The improvements will cost about \$20,000.00.

Supervising Engineer J. S. Clements and his assistants arrived in Hondo and opened offices at the courthouse Monday.

\$50.00 REWARD.

Will be paid for evidence convicting the party or parties who on or about April 22, 1937, cut my pasture fence.

COMMISSIONERS COURT.

The Commissioners Court of Medina County convened at the court house Monday, May 10, for regular term of court with the following present:

Hon. Arthur H. Rothe, County Judge; and Commissioners Alfred A. Bader, H. J. Bippert, Ben Koch and H. J. Harcastle; S. A. Jungman, County Clerk; and Chas. J. Schuehle, Sheriff.

The Court accepted the offer of the Texas and New Orleans Railroad Company, granting to Medina County an easement to a certain strip of land in the town of Hondo, to be used for road and highway purposes, said strip being 1740 feet including streets and twenty-five feet wide.

The Court compared and audited the quarterly report of O. J. Bader, County Treasurer of Medina County.

RAHE-SENNE.

In a simple but beautiful double ceremony, Miss Rose Lee Senne, youngest daughter of Mr. and Mrs. Fritz G. Senne of Yancey, became the happy bride of Mr. Elmo Rahe, only son of Mr. and Mrs. Walter Rahe of Seguin, at nine o'clock Wednesday morning, May 19, 1937, at the home of the bride's grandmother, Mrs. George Muennink, in Hondo. Rev. William F. Kraushaar, president of the Seguin Lutheran College of which the bride and groom are graduates, read the impressive marriage lines. Miss Emma Muennink of Hondo, aunt of the bride, and Mr. Chester Oehler of Kerrville were the attendants. Only the immediate families of the young couple were present.

The ceremony was performed against a background of fern and blooming pot plants, which adorned the home.

The bride wore a smart navy blue sheer costume with grey accessories, and her corsage was of shell-pink carnations.

Following the ceremony a wedding breakfast was served in the ballroom of the Hondo Hotel. The table was laid in white with white service, and was centered with a graceful arrangement of yellow snapdragons and white Queen Ann's lace. At each end of the table were bouquets of the favored blossoms in hues of pink and white. The bride cut the first slice of the wedding cake, which was a tiered confection iced in white and embossed with sugar-spun white rosebuds and green leaves. Places were laid for eighteen guests, namely: Mr. and Mrs. Elmo Rahe, the bride and groom, their parents, Mr. and Mrs. Fritz G. Senne, and Mr. and Mrs. Walter Rahe of Seguin, Rev. and Mrs. William F. Kraushaar of Seguin, Mrs. George Muennink, Mr. and Mrs. F. A. Martin, Mr. and Mrs. C. H. Hartman, Mr. and Mrs. Louis Senne, Miss Mildred Martin, Mr. Chester Oehler of Kerrville, and Miss Emma Muennink.

After the breakfast the young couple left by auto on a bridal trip to California and the Pacific Coast, going by way of the Carlsbad Caverns and the Grand Canyon. They will tour the Western States and return by way of Yellowstone National Park and Denver, Colorado. They will be at home in about a month at Seguin, where the groom is engaged in farming.

Mrs. Rahe is one of Medina County's most talented young ladies, as she has a lovely, well-trained soprano voice, and has appeared on numerous radio and concert programs. For the past few years she has been teaching school at Bartlett, Texas.

Will Price of the Brackett News; Fletcher Davis of the Hondo Anvil Herald; and W. L. DuBose of the Devine News were not present at the recent South Texas Press Association meeting. These old-time newspaper men, unless sick, had no good excuse for not coming and their old friends of the craft missed them. Next time they will be compelled to attend even if they have to be arrested and brought in by the sheriff.—Uvalde Leader News.

It is flattering to be missed, but the public must be served—the paper had to come out!

BRIDE-ELECT HONORED.

Miss Rose Lee Senne, a bride of this week, was complimented with a pre-nuptial courtesy in the form of a miscellaneous shower Saturday afternoon, May 15, at 3 o'clock, in the home of Mrs. H. L. Muennink. Hostesses were Mesdames F. A. Martin, C. H. Hartman and Louis Senne.

A color scheme of yellow and white was featured in the appointments, being effectively employed in the floral decorations of yellow lilies and fern in white floor baskets. The shower gifts were concealed in a large yellow rose, and the same motif was found in the favors of rosebud cups holding yellow and white mints.

The honoree was preceded to her place among the assembled guests by little Misses Iverreen and Ivy Jean Senne, who wore similar frocks of yellow silk. Little Francis Jonell Fohn presented the gifts to Miss Senne, who was attired in a becoming black net dress over black taffeta with yellow accessories.

During the afternoon, Mrs. R. W. Gaines sang "Because", accompanied on the piano by Mrs. Hilda Shoop, who also played the march for the entrance of the honor guest, Miss Mildred Martin gave the toast to the bride.

The hostesses, assisted by Mrs. Roy Hartman, Miss Georgia Mae Muennink and Miss Lucinda Hartman, served delicious refreshments of chicken salad, potato chips, olives, cake and iced tea.

About eighty-five guests registered in the bride's book, which was presided over by Miss Hazel Hartman.

COMPLIMENT MISS HAEGELIN.

Miss Frances Haegelin of Hondo, a bride-elect of next month, was complimented with a luncheon given by a group of her classmates at Our Lady of the Lake College Saturday in the Terrace Dining Room of the Gunter Hotel.

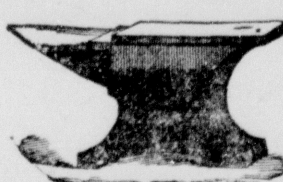

A corsage of spring flowers marked the place of the honoree. Additional covers were laid for Mesdames A. L. Haegelin, mother of the bride-elect, H. J. Meyer, W. O. Rothe, J. M. Finger, all of Hondo, and Misses Sidney Simmons, Alma Brodelon, Annette Rothe, Annie Laurie Winkler, and Grace Frey of Our Lady of the Lake College and Miss Mary Emma Finger of Incarnate Word College, who was also one of the hostesses.

Miss Haegelin is the bride-elect of Dr. John Henry Meyer of Hondo, and their marriage will be an event of June. A number of pre-nuptial courtesies will be extended Miss Haegelin.

PHILOSOPHICALLY.

By Clayton Rand.

Your scribe has often wondered at the strange experience that comes to one at the approach of death, when one's whole past pops up in a split second.

Having just turned over three times in a car to face death and come back to tell the story, he is disappointed.

No past was on parade. When the lights went out, your scribe was conscious only of what a glorious future he was missing—so much undone—unlived!

The world is rosiest to them who have gone blind and see again. Life is sweetest to them who have almost lost it. If we each knew what a little time yet remains, WE'D MAKE THE MOST OF IT.

THE PRESS COUNSELS AMERICA

The May issue of the Industrial News Review contains a number of brief excerpts from editorials commenting on the Supreme Court packing proposal, taken from newspapers, largely country weeklies, throughout the United States.

In making up this compendium of editorial opinion on an issue that has justly been described as the most vital faced by the American people since the Civil War, the staff of the Industrial News Review examined thousands of newspapers. It was found that the press was overwhelmingly opposed to the plan, on grounds of principle, not partisanship.

Most heartening of all, the quality of the comment shows that the editors of smaller papers with circulations from a few hundred to several thousand, have studied and deliberated the issue as deeply and patriotically as the editors of great dailies.

The editors of America are steeped in the American tradition. And they see the Supreme Court proposal as a measure that can easily lead to dictatorship. THEY REALIZE THAT IF ONE PRESIDENT CAN PACK A COURT FOR LIBERAL ENDS, ANOTHER PRESIDENT COULD PACK IT AGAIN FOR REACTIONARY ENDS. They know that this tool of power could be used to abrogate freedom of speech, freedom of the press, freedom of assembly and all other civil liberties—by placing in the highest judicial positions controlled judges who could evade the spirit of the Constitution by interpretations that would be completely alien to the ideals and intentions of its great authors.

The press of America is counseling the people to consider basic principles underlying the unequal personal liberties given to American citizens 150 years ago, and to not be misled by programs which do not let the people vote on measures that might destroy those liberties and substitute dictatorship for free government.—Industrial News Review.

STATE'S RIGHTS ISSUE.

A peculiar situation has developed as a result of Senator Borah's revival of the states' rights issue through the proposal of a constitutional amendment to rewrite the Fourteenth amendment and give states unquestionable power to deal with social and economic problems. Here is a Republican appearing as a powerful champion of states' rights, which up to the Roosevelt regime was a historic principle of the Democratic party. On the other hand, he is ranged against the policy of President Roosevelt who is working hard for the concentration of power in the national government at Washington—indeed its concentration in his own personal hands. Such a policy as now being pursued by the President had been denounced for generations by the Democratic party as dangerous Hamiltonian doctrine.—Elkhart Truth.

HONDO-CORPUS HIGHWAY BEING PUSHED.

County Judge Arthur H. Rothe, accompanied by all the members of the Commissioners Court, Alfred A. Bader, Ben Koch, H. J. Eippert and Mr. Harcastle, and former Commissioner B. H. Brucks of Hondo, joined a delegation from Devine, composed of Chairman H. W. Eschenberg of the Devine Chamber of Commerce, Eddie Schott and Mr. Meyers, and Mr. Dickerson from the Corpus Christi Chamber of Commerce appeared before the Highway Commission at Austin Monday in the interest of the proposed Highway 173 from Hondo to Jourdan, via Devine.

The delegation made a strong plea for the construction of the road, the Medina delegation representing that deeds to most of the right-of-way are already secured and the construction awaits only the approval of the Commission. Mr. Dickerson's exposition of the importance of this road as a direct outlet for the vast ranch and farm interests of West Texas to deep water at Corpus was well presented and convincing.

While the Commission took no action further than to take the matter under advisement, the delegation was pleased with the courteous hearing accorded them and feel that the matter will receive the favorable consideration of that body.

It is suggested by members of the delegation that further representations in behalf of the highway be made before the Commission, and the matter kept constantly before the body.

BOARD OF EDUCATION MEETS.

The Medina County Board of Education met in regular session Friday, May 14, at the courthouse in Hondo with all members present. The purpose of the meeting was to classify the schools of the County and to appoint trustees.

The following schools were classified: Castrovilla 7th, Riomedina 9th, LaCoste 11th, Murphy 7th, Upper Quihi 9th, Fly 6th, Longview 6th, Shook 10th, Biry 7th, Black Creek 9th, Pearson 7th, Leinweber 8th, Maverick 9th, Mico 9th, Seco 9th, Burrell 7th, Peach Tree 8th, Live Oak 7th, Rothe 8th, New Fountain 8th, Vandenberg 7th, Verdina 8th, Dunlay 7th; Enterprise closed during 1937-38.

The following Trustees were appointed: Riomedina, E. B. Haegelin and Rudolph Haby; Fly, Adolph Pichot; Longview, Clarence Mumme; Leinweber, George Graff; Burrell, Felix Stinson; Peach Tree, Earl Parsons; Live Oak, Alex Wendland; Vandenberg, Chris. Nietenhoefer; Dunlay, F. F. Mumme; Enterprise, W. J. Bendele. The term of those appointed is to expire in 1940.

A motion was made and carried to grant Devine and Biry schools and all others the privilege to give the Hondo National Bank a note for their equity of the \$1,403.00 transportation warrant paying usual rate of interest until warrant is liquidated.

EVERYBODY GOING TO D'HANIS.

Elsewhere in this paper will be found an announcement of the celebration at D'Hanis on Wednesday, May 26th, in commemoration of the 90th anniversary of the founding of the town.

It was in 1847 that Henry Castro planted on the banks of Parker's Creek a settlement of German-French colonists. Descendants of that sturdy stock will do honor to their ancestry and the achievements that have grown out of their venture in a befitting manner on next Wednesday.

At 9 o'clock, a fitting memorial will be unveiled on the site of the original church where for many years the pioneers and their children sought and found their religious consolation. From this consecrated spot, a procession will move up to the site of old Fort Lincoln, the army outpost that afforded the settlement protection from marauding Indians during frontier times. Here the day will be given over to a general picnic and a day of merry-making.

Hondo's business firms are making a generous gesture of good-will by closing up all day and joining with the people of their neighboring town in celebrating.

Yes, it really seems that way—Everybody is going to D'Hanis.

MEET US AT D'HANIS

MAY 26th.

That as many as can may attend the big celebration at D'Hanis on next Wednesday, May 26th, our business places will be closed all day on that date. Our customers are requested to make their purchases accordingly and to join us in doing honor to D'Hanis on the occasion of her 90th anniversary. We'll be looking for you at D'Hanis.

TO REMOVE PAINT

To remove old paint, dissolve 6 tablespoons cornstarch in 2 quarts water. Dissolve a can of lye in 1 quart of water and pour slowly into cornstarch. Stir until smooth. Apply to paint with old brush or swab. When nearly dry scrape with putty knife. Repeat if necessary. To neutralize the effect of the lye, rinse thoroughly in a solution of 1 cup vinegar to 1 gallon water.

START MOVEMENT FOR ANOTHER BANK HERE.

An effort is being made to open another bank here and later in the week, a visiting capitalist will discuss the matter with local people interested. More of the particulars next week. Since the liquidation of the Adams National Bank the Adams Company did a private banking business until it went into the hands of a receiver last month.

YANCEY.

We had a light shower during last week, amounting to less than an inch. In some places it will benefit the corn and other growing vegetation.

Prof. A. L. Smith who is sponsor of the Seniors accompanied them to San Antonio last Friday evening where they were given the Junior-Senior banquet at the Gunter hotel. After the banquet they attended a moving picture show.

Mr. and Mrs. B. Bomba of Devine were here one evening last week, visiting old friends.

Rev. Fuller and family went fishing Friday and brought home a good sized bass.

Mr. A. J. Hardt's family also went the same day and later Mr. C. J. Wiemers and boys drove over to spend the night.

Mr. Smart and Mr. Spratt and a crowd of boys spent the day on the Hondo creek, horse-back riding and swimming and picnicing.

Mesdames McAnelly, Nixon and Smart spent the day on the banks of the Hondo supplying the horse-back riders with something to eat.

Miss Pauline McAnelly of Austin came home for the week-end to visit her parents.

Misses Forbes, Morrison and McGinnis attended the banquet at the Gunter Hotel, also Mr. and Mrs. H. H. Lock.

A mother and daughter banquet will be given at the school house Monday night, Miss Doris McGinnis and her H. E. Class sponsoring same.

Mr. and Mrs. Jim Weekley of Pearlsall made a short call here one day last week. Mr. Weekley held the misfortune to have a limb strike him in the eye, almost causing the eye to be put out.

Mesdames H. N. Burgin, F. W. Bohmfalk and Luella Ward attended a bridal shower for Miss Liddie Saathoff of San Antonio. The shower was held at the Wernette Garden in Castroville. A large crowd attended and she received many beautiful gifts.

Rev. Fuller preached the Mother's Day sermon last Sunday.

Mr. and Mrs. Herman Faseler visited John Martin and family last Sunday.

BIRY.

Mr. and Mrs. Jim Morris and children, Mr. and Mrs. Will Riley and son and Grandma Riley and Mr. Brieden from Hunter spent several days with Mr. and Mrs. J. A. Watson.

Prof. and Mrs. Luke Wier spent the week-end at Charlotte with Mrs. Wier.

Mr. and Mrs. Henry Schmitt from San Antonio spent the week-end with Hudy Love.

Mrs. Hilda Franger, Mrs. Willie Tschurart and daughter and Miss Hettie Bippert of Castroville spent last Wednesday here.

Mr. Irvin Hartung of San Antonio spent Saturday evening with his mother Mr. and Mrs. J. L. Wernette.

Mr. and Mrs. Jim FitzSimon and children spent Sunday at Castroville.

MAVERICK 4-H CLUB.

On May 6, 1937, Miss Nell Foley, the Medina County Home Demonstration Agent, met with the Maverick club girls for the purpose of discussing the Bedroom Demonstration. The meeting was held at the Maverick schoolhouse.

Most of the meeting was devoted by Miss Foley for the purpose of becoming acquainted with the Maverick club girls and their work.

Miss Foley showed some illustrations and samples for the Bedroom Demonstration, and plans for the summer were discussed.

MY GARDEN.

Many colors in my garden, Fragrant perfumes, too, are there; Like a Paradise, the blossoms Smile at me from everywhere.

Yellow, pink, and royal purple; Green and red and ivory white— Blue and rose, also magenta All in a glorious sight.

As I stand within this bower Of God's handiwork so grand, Such a lot of splendid treasure I can find so near at hand.

There is much joy in the knowing That a few seeds in the earth, Blest with sunshine and with rain-drops

To such beauty can give birth.

WHY SCREW WORMS MUST BE KILLED IN WOUNDS.

One of the most familiar of nature's daily miracles is the transformation of caterpillar into moth. Quite similar, but less publicized is the evolution of a screw worm into a striped green fly. Unlike the caterpillar, which spins its cocoon or pupal case above ground, the screw worm buries itself about an inch underground, contracts, and hardens its outer skin to form a shell. In this brown case it rests and, unseen, the maggot evolves into a fly. Books have been written on how a fly larva contracts, how eyes, legs and wings develop, how form and color emerge. But only the prying eyes of the scientist have witnessed this phenomenon. The metamorphosis complete, the fly breaks the end of the pupal case, crawls out, pushes up to the surface of the ground, dries, expands its wings and flies away. On a fresh wound it lays its eggs—eggs which in an unbelievably short time hatch into hungry screw worm larvae burrowing into the wound.

Obviously, it would be impracticable to try to kill screw worms in the pupal stage, because they are inaccessible. Either the fly, the egg mass or the worm itself must be destroyed. Traps for screw worm flies have not as yet proved efficient because no bait has been found which is as attractive to a screw worm fly as an open wound. Killing the worms or eggs remain the only alternatives—and the only places the worms or eggs are found are at the wounds of animals. (The few minutes in which the grown worms are migrating out of the wound and dropping and burrowing into the ground offer no opportunity for destroying them.)

Benzol placed in an infested wound kills the worms. Pine tar oil brushed on and around the wound makes the wound unattractive to flies and prevents blowfly eggs from hatching. These are the only two materials recommended by the United States Department of Agriculture, Bureau

USED BY COURTESY THE OWL.

HONDO DEFEATS TEMPLE FOR REGIONAL CHAMPIONSHIP.

The Owls won a free slugging bee from the Temple Wildcats in Austin last Saturday afternoon by a 14 to 10 score. The Owls grabbed the lead in the first inning and held it all the way with the exception of the second inning when the Wildcats made three runs off of two hits, before Coach Barry signaled for Finger to relieve Hartung. Finger retired the side by getting the first two on strikes, before Akridge, Wildcat pitcher, was safe on Langford's error. Tipton scored on the error. Finger then retired Wolchik by the strike-out route.

The Owls scored two runs in the first when Huesser doubled with one out and Perez followed suit after two were down. Finger then sent a "Texas Leaguer" over short, scoring Perez.

In the second, Hartung walked after Schuehle struck out, and Langford was safe on the shortstop's error. The center fielder caught Huesser's drive for the second out, but dropped Rucker's fly ball, thus enabling the Owls to score two runs.

After Temple took the lead in their half of the second, Hondo came back to score four runs on two hits in the third. Grell led off with a walk, Nester sacrificed, and Rothe batted for Schuehle, doubled, scoring Grell. Hartung hit one to center which Tipton muffed, and Langford duplicated Jack's performance, stole second and scored on Rucker's single.

The Owls lengthened their lead in the fifth when Rothe ripped and scored on Huesser's single and put the game on ice in the sixth when Perez led off with a single. Finger drove one to the rocks for a triple, Grell walked, and Rothe singled after Nester went down on strikes. Hartung went down swinging, but Langford singled after Rothe stole second, scoring Rothe.

Finger struck out eleven men in the eight innings of relief hurling. Rothe led the swingers with four hits for four times up to bat; one triple and one double.

HARTUNG ELECTED CAPTAIN.

Jack Hartung, hard flinging pitcher for the Owls, was elected captain of the 1937 team. Although he was out part of the season, Jack's playing was an outstanding part of the strong offense and defense of the Owls. His pitching was a major asset to the club.

HONDO EASES OUT EDGEWOOD.

The Owls came from behind last week to defeat the Edgewood team 2 to 1.

Finger pitched for Hondo and Luder for the opposition. Each allowed four hits, but the visitors didn't give their pitcher the support that the Owls gave Finger.

In the second Edgewood scored one run on Bulson's walk, Luder's double, and a sacrifice.

The Owls evened the count in the fifth when Finger was safe when Long, centerfielder for Edgewood, dropped his pop fly. Langford sent him all the way to third when the first baseman dropped a throw from Garcia. Ep then scored while Gray was being thrown out.

In the seventh Finger singled with one out, stole second and when Langford hit a foul pop fly back of first base he tagged up and scored when Gokon threw wild to third.

OPERETTA WAS A BIG SUCCESS.

The Glee Club's operetta, "Miss Caruthers Returns", was very entertaining. The entire chorus as well as the leads gave a swell performance. The operetta was also successful from a financial standpoint. A total of thirty-five dollars was taken in. The Glee Club will use this money to have a banquet. The banquet will be held in San Antonio next Friday night.

FAREWELL, SENIORS.

The time has come to say farewell. The school year will officially end on next Tuesday night, with the commencement exercises. This year has been a big one in that much has been accomplished. Except for a few unpardonable things, the students of Hondo High have kept up its good reputation.

It is with deep regret that we, the Juniors, as well as the Sophomores and Freshmen, see the graduation of the Senior class. There are many good friends and many able students in all fields—sports, classes, and all extra curricular activities.

Seniors, we wish you all the happiness and good fortune in the world. And again we say, "Fare you well."

MRS. J. C. NEWTON DEAD.

The community of Yancey and many friends in Medina County were greatly saddened to hear of the unexpected death of Mrs. J. C. Newton, which occurred at her home in Yancey Sunday, May 16, 1937, at 8:30 P. M. Mrs. Newton had been ill since Thursday but her death came as a great shock to her family and to her friends. This venerable lady was a loyal and faithful member of the community and a sincere and devoted worker in the Methodist church, and she leaves many friends who have been benefitted from the kindness of her heart and the goodness of her life.

The deceased was born in Atascosa County on April 6, 1858, and was therefore 79 years of age at her death. Her young girlhood was spent at Utopia where her parents lived for many years. As Mollie Elizabeth Jones, she was married to J. C. Newton in 1888, and during the forty-nine years of her wedded life made her home in the Yancey community. She was the sister of the late George Jones, former president of the First National Bank of Hondo from the time of its organization to his death.

The deceased was preceded in death by a step-son, Howard Newton, a daughter, Mary Newton, and also her husband who died just eighteen months before, on November 25, 1935. Surviving are three daughters, Mrs. J. J. Tulloch and Mrs. J. N. Nixon of Yancey and Mrs. W. D. McClaugherty of Los Angeles, California; one step-daughter, Mrs. Jimmy Clark of Redlands, Calif.; and one step-son, Calvin Newton of El Paso, Texas; and a number of grandchildren. Her daughter, Mrs. McClaugherty, had just returned to her home in California the Sunday before her mother's death after a happy visit with relatives in Medina County.

Funeral services were conducted in the Yancey Methodist Church at 4 o'clock Monday afternoon, May 17, with Rev. Fuller, the pastor, officiating. Interment was made in Yancey. Pall-bearers were: Harrison Wilson, Elbert Wilson, Buford Wilson, John Fessler, Elroy Mcfield and Barney McCaughan.

ST. PAUL'S LUTHERAN CHURCH.

The service next Sunday, May 23, will be in the English language at 10:30 A. M. We will join the other churches of our Texas District in observing College Day. Education is a fine aid in the enjoyment of a fuller, more useful life, but "the fear of the Lord is the beginning of wisdom." Texas Lutheran College, Seguin, is one of our progressive Church schools which offers a fine secular training under Christian influence. The need for religious and moral training as the basis for true learning is not only conceded but urged by leading educators today.

President Wm. F. Kraushaar, who heads the Texas Lutheran College, Seguin, was a welcome visitor at the Lutheran parsonage on Wednesday. He reports that commencement will be held on Friday, May 28, and can look back upon a very successful year at the institution. Director Kraushaar will take part in the National Lutheran Youth Conference which will assemble at Minneapolis-St. Paul, Minn., June 23 to 27.

Sunday, May 30, German service 10:30 A. M.
The congregation is invited to take part in the Baccalaureate Services at the High School Auditorium next Sunday at six o'clock.

ARCHBISHOP TO BE HERE SUNDAY.

The parishioners of St. John the Evangelist's Church and the Mexican congregation of Our Lady of Sorrows will be hosts to His Excellency, Most Reverend Arthur J. Drossaerts, Archbishop of San Antonio, all day Sunday, May 23, 1937. A large class of children and adults will be confirmed in St. John's Church during the morning services and a still larger group will be confirmed in the Mexican Church in the afternoon. Every member of both parishes has been urged to be present to meet the Archbishop of the diocese.

Henry Batot was a caller at this
office Saturday, moving forward his
dates to both FARMING and the
"old home paper." Mr. Batot was en-
couraged by the shower of rain that
fell on Thursday of last week, but
like the rest of us would like to see
a good general rain all over the
country.

Mrs. L. E. Heath was hostess to
the Friday Contract Club in her
home last week. High score prize
went to Mrs. J. M. Finger and sec-
ond went to Mrs. Volney Boon.
Guests were Mesdames Finger, Boon,
Hunter, N. C. Johnson, Roy
Pfeil, A. H. Schweers, L. J. Brucks
and the hostess, Mrs. Heath.

A. P. Jones, for many years a
pioneer contractor and builder of
Hondo but who some seventeen years
ago went to the Rio Grande Valley
to pioneer as a citrus-grower, ar-
rived in Hondo Saturday and is at
the home of Dr. and Mrs. B. R. Brad-
ley, Mrs. Bradley being his daugh-
ter. Mr. Jones has made good as a
citrus pioneer and says there has
been a wonderful development in
the Valley during his residence there.
He has decided, however, to return
to Hondo and has turned his Valley
farm over to a manager to care for
and will in the future reside here.

An average of three commercial
failures a week occurred in Texas
during November against a weekly
average of 6 failures during the cor-
responding month a year ago and an
average of 2 a week during the pre-
ceding month, according to reports
from Dun and Bradstreet, Inc., the
University of Texas Bureau of Busi-
ness Research has reported. Total
liabilities for the month of Novem-
ber were \$215,000 an increase of
247 per cent over the preceding
month and 6 per cent over the cor-
responding month last year. Average
liability per failure was \$13,000
in November, compared with \$9,000
in October as well as in November
last year.

The Secretary of Agriculture an-
nounced December 2nd a revision of
the pink bollworm quarantine regu-
lations. The revision adds to the
lightly infested area the Texas coun-
ties of Glascock, Howard and Mar-
tin, and those portions of Dawson
and Midland Counties not previ-
ously regulated. This action was taken
because the pink bollworm was found
recently at Big Spring in Howard
County and at Patricia in Dawson
County. Glascock, Howard, and
Martin Counties and the previously
non-regulated areas in Midland
County are included because seed
cotton is moved throughout these
counties for ginning without regard
to county lines. No other changes
are made at this time.

QUIHI NOTES.

And Rebekah arose, and her dam-
sels, and they rode upon the camels,
and followed the man. Gen. 24: 61.
And so the bridal caravan hastens
slowly towards the land of the wait-
ing bridegroom, Eliezer in the lead,
his heart singing a Te Deum (lauda-
mus), a song of praise and jubila-
tion. It was slower than "a slow
train through Arkansas", and "jolt-
ier than a joggling over a newly
plowed field" in the almost forgot-
ten horse-and-buggy age. Those
camels had no kinship with the li-
mousine or the gyroscope or the
shock-absorbing Pullman sleeper.
But it was the best they had. A
jolly heart is as fine a shock-absor-
ber as a lover could wish for. For him
—or her—the darkest night has no
terrors, the rough and tumble byways
pass unnoticed, and the crookedest
piece of a road leads straight to
heaven on a small scale—sometimes.
The parting scene is omitted entirely.
Must have been a cheap affair—in a
double sense, for nerves and pocket-
book Good Luck seemed to have
had no chance to fling her old shoes
after the parting flock, nor friends, to
make a few selections for parlor or
pantry. Only the parting words
sounded big and festive, fit for a
queen, as we remember them, seem-
ingly fondling folly, and yet they were
a real preview of the future, a proph-
etic anticipation, a perusal of the
annals of God and thereby hangs
that tale again. With quivering lips
they were spoken and they reverber-
ated down the corridor of centuries
and generations. These were not
members of a little private party go-
ing to a far off wedding affair, after
which the bride is joining the rank
and file of housewives, by the mil-
lion, often submerged and forgotten.
The wedding day frequently the fu-
neral for glamour and gallantry. In
spite of coronation shouts and presi-
dential acclamation, the world has a
knack to forget these men and their
memories only too fast, whereas here
are marching, in pathetic simplicity,
the elect of God, the makers of last-
ing history, the real heroes of a
humanity as God appraised and
chose them, never to be forgotten.
And His history counts.

Ordinarily we have a rainy day or
prospects for rain when weddings
are solemnized here. Not so on Wed-
nesday when Mr. Andrew Eckhardt,
the son of Mr. and Mrs. W. Eck-
hardt, and Miss Pauline Graff, the
daughter of Mrs. Emma Graff and
the late Mr. Emil Graff, were united
in holy wedlock. Under the strains
of the Wedding March they entered
the little church. Only immediate
relatives attended the ceremony. Mr.
and Mrs. H. J. Boehle were the wit-
nesses. A number of friends gathered
later at the home of the bride for a
few happy hours. The new home will
be in that neighborhood. May the
blessing of the Lord abide with them.
Their many friends join me in this
wish.

Remember May the 27th for the
social evening of the Ladies' Aid, at
about 7:30 P. M.

College Day next Sunday. All
true education must center around
"those things that I commanded
you." This applies to lower and high-
er schools. Where the public schools,
due to their democratic latitude, can-
not meet these requirements, the
church must make provisions to sup-
plement the curriculum, in order to
meet the standards of God. No activ-
ity or man, big and small, should be
divorced from these standards, if
man cares to have His approbation
and blessings. On these things we
meditate on that Sunday.

PIANO AND DANCE RECITAL GIVEN.

One of the most entertaining pro-
grams presented incident to the clos-
ing of school was the recital Monday
night, in the Hondo High School
auditorium, by piano pupils of Mrs.
Lillian Law and the dancing class of
Miss Billie Merritt. A large audience
was in attendance. All the partici-
pants performed their parts well. Of
particular interest were the piano
solos by Oscar William Ney, Marcel-
lus Garrison and Charles Colvin,
three lads who have realized that the
study of piano is not limited to girls
and that there is a fine future for
boys and men in the field of music.
Their efforts received especial ap-
plause from the listeners.

Miss Ethelyn Ney, soprano, was
the guest soloist for the occasion.

The Southern Pacific Lines have
announced special rates for the
Fourth of July holiday. Tickets will
be sold between all points in Texas
and Louisiana at one fare for the
round trip in coaches, on sale July
3rd and 4th and for trains arriving
at destination July 5th final limit
July 7th. On account of July 4th
falling on Sunday this year and ob-
serving of the 5th, it is expected that
a large number will take advantage
of these low fares.

Texas is unusually rich in old
songs and legends, and field workers
for the Federal Writers' Project of
the Works Progress Administration
who are engaged in preparing the
American Guide, have discovered old
ballads, brought to America centuries
ago from England, fresh on the lips
of many Texans. Hundreds of cow-
boy, Mexican and Negro old tales
legends and superstitions have also
been gathered by these workers, and
a permanent record of these songs
and stories is being made while old-
timers still live who remember them.
John A. Lomax, famed Texas folklor-
ist, is National Folklore Consultant
at Washington for the writers' pro-
ject, and this gathering of Texas
songs and legends is being conducted
under his general direction. Every
county and community in the state
doubtless has material which will
prove of value for this collection, and
an appeal is being made to all citi-
zens for their further cooperation in
the work. It is announced that the
writers' project will be glad to re-
ceive from any and every source vol-
untary contributions of all sorts of
old songs and stories, play-party
games, prescriptions for home re-
medies, sayings about the weather, be-
liefs about the crops, or anything else
of this type which illustrates the na-
tive culture of Texas. Material may
be addressed to Harold Preece, as-
sistant editor, WPA writers' project, at
Box 1568, University Station, Austin,
Texas.

Releases of the balloons are being
made in the following counties:
Madison, Brazos, Milam, Robertson,
Burleson, Lee, Bastrop, Caldwell,
Guadalupe, Gonzales, Austin, Colo-
rado, Lavaca, DeWitt, Goliad, Cal-
houn, Islands, Nueces.

MOWING WEEDS AIDS GRASS.

Mowing weeds and removing brush
and other tall vegetation encourages
the spread of more beneficial grasses,
the clover, and lespedeza, eliminates the
competition for moisture and plant
food, and results in a turf more res-
istant to soil erosion, the Soil Con-
servation Service has found. In the
past 2 years mowing has been extend-
ed over more than 100,000 pre-
viously unmowed acres of grassland
on Soil Conservation Service erosion
control areas. Fairly high mowing—
from 4 to 6 inches when weeds are
about in full bloom—is recommended.

PUBLIC ASKED TO CAPTURE BALLOONS IN INSECT SURVEY.

Fill Out and Drop Tags in Post
Office.

More than 4000 yellow balloons
about 8-9 inches in diameter, each
carrying a numbered tag to be de-
tached and dropped in the mail by the
finder, are to be released in an in-
teresting experiment to determine
the effects of winds upon the spread
of the cotton flea hopper, and other
injuriously insects. This experiment
is being conducted cooperatively by
the Texas Agricultural Experiment
Station and the Bureau of Entomol-
ogy and Plant Quarantine, U. S. De-
partment of Agriculture. Releases
are to be made from South and Cen-
tral Texas areas where cotton weeds
or goatweeds are abundant, and dur-
ing a period when the cotton flea
hopper adults are migrating to cot-
ton or about May 12 to June 1. It
is already known that these insects
are carried considerable distances on
the winds, and it is hoped that addi-
tional information may be obtained
regarding the direction of the air
currents and the probable distances
that the insects might drift. Persons
finding the balloons are requested to
fill out the tags with location where
found, their own names and ad-
dresses, so that acknowledgment may
be made with information regarding
the experiment. No postage is re-
quired. It is desired that the bal-
loons be allowed to settle to the
ground or nearly so.

Releases of the balloons are being
made in the following counties:
Madison, Brazos, Milam, Robertson,
Burleson, Lee, Bastrop, Caldwell,
Guadalupe, Gonzales, Austin, Colo-

YANCEY SCHOOL NEWS.

BARBECUE HONORING SENIORS AND BASKETBALL TEAM.

A barbecue given on Thursday, May 13, on the Hondo Creek was enjoyed by a host of boys and girls. Swimming, picture-taking, and feasting were indulged in throughout the entire afternoon. There were two truckloads and three cars of people present. All had a "feasting" good time. The entire faculty, the senior class, the basketball team, and Rev. Fuller and family, Mr. Robert Fessler, Mr. Elroy Moffield, Mr. and Mrs. Roy Hartman, Frank Hartman, Mr. and Mrs. W. B. Melton and family, and the co-hosts and hostesses, Mr. and Mrs. Jno. Fessler and family, Mr. and Mrs. Anton Hardt and family, and Mr. and Mrs. G. C. McAnelly and family.

TWENTY-FIFTH ANNIVERSARY OF YANCEY SCHOOL CELEBRATED.

The Seniors of 1937 feel honored to be graduating on the twenty-fifth anniversary of the Yancey School since consolidation. To celebrate this great event we planned a Senior Home-Coming Day in connection with Baccalaureate Sunday, which was May 16. We invited all ex-graduates of Yancey to attend this great celebration.

On Sunday morning, May 16, at eleven o'clock, the Baccalaureate sermon was delivered by Reverend W. W. Hardt, first graduate of the Yancey School. The theme of his interesting sermon was "The Door of Opportunity is Always Open". The processional and recessional were played by Miss Dora Mae McAnelly, also an ex-graduate of Yancey. Miss Rose Senne, an ex-graduate of one of the schools consolidated with Yancey, sang a beautiful solo. After the Baccalaureate service everyone repaired to the school grounds where a sumptuous feast was enjoyed.

After dinner a social hour was enjoyed wherein all the former schoolmates greeted one another, and went through the school house where they had formerly attended school. Many an "ex" was seen gazing around the rooms with a far-away look in his eye as he recalled memories of school days in Yancey.

At two-thirty o'clock everyone went into the auditorium where every person who ever attended the Yancey School was required to register in a large book. A surprisingly large number registered. After the registering was completed, the Home-Coming program began with a quartet sung by members who formerly sang quite frequently for school programs. This quartet was beautifully rendered by Mrs. O. A. Fly and Mrs. J. P. Nixon, both former teachers of Yancey. Mr. DeShea McAnelly, a former pupil, and Mr. Ben Oefinger, also a former pupil. Mr. W. N. Snaithoff, who was County Superintendent at the time our school was consolidated, was master of ceremonies for the evening. Numerous ex-teachers and school-board members were called upon to make speeches. Mr. Snaithoff asked the president to tell something of the class and classmates. Practically every year was represented, some years having a large number of representatives. It was truly an evening of happy reminiscences. Everyone had a delightful time recalling past experiences and seeing classmates once more. Approximately 700 people were present. The program ended with everyone joining hands and singing "Auld Lang Syne". —Reporter.

HONDO-D'HANIS DEFEAT BOERNE.

Hondo-D'Hanis All-Stars won over Boerne, 9 to 3, Sunday in the South Texas League at D'Hanis. The strong Hondo-D'Hanis nine collected 18 hits off of the Bergman brothers who pitched for Boerne. Sadler, pitching for Hondo-D'Hanis, allowed only nine hits. Three errors committed allowed Boerne to score one unearned run. Hollmig of the winners hit a home run in the fifth inning.

The Hondo-D'Hanis All-Stars meet the Pearsall Rangers at Pearsall Sunday, May 23rd.

FRIO COUNTY HAS BUFFALO.

Frank Smith, local game warden, had the pleasure of showing his friends a pair of Buffalo he received this week, Tuesday, from the Goodnight ranch at Goodnight, Texas. These Buffalo are eleven months old and according to cow men weigh between five and six hundred pounds.

They are about the size of an ordinary Jersey cow and very gentle when we consider the fact that they were taken from the ranch and loaded on the truck to be shipped to their new home. The Goodnight ranch boasts of having the only herd that roamed the plains in the early days. And the demand for these animals is very great. Geo. Cowden and Mr. Smith placed an order for five head almost a year ago and two was all that could be supplied.

SAN ANTONIO LIVESTOCK.

Monday, May 17, 1937.
(Federal-State Market News Serv.)
Receipts Monday in the cattle division at San Antonio were fairly heavy and included a liberal proportion of cows and calves. Trading was slow after early rounds with early sales of fat calves steady to strong with medium kinds weak. Cows sold steady to weak with some fat cows 25c and more lower. Bulls were dull and weak, but other classes sold about steady. Estimated receipts consisted of 1100 cattle and 900 calves.

Plain grass steers cashed at \$7.50 and down, including a load of 858-pound crossbred grass steers at \$6.25. Rough cutter kinds sold down to \$4.50. Plain grass yearlings ranged mostly from \$5.25 to \$6.50 with a load of medium heifers \$7.00, better kinds scarce. Medium to good grass calves sold mostly at \$6.00 to \$7.50 with a few lots up to \$8.25. Plain calves sold down to \$5.00 with "culls" down to \$4.00. Common and medium cows brought mostly \$4.00 to \$5.50 with good fat cows at \$6.25; few low cutters down to \$3.00 with shells below. Bulls, mostly \$4.00 to \$5.00. Stocker calves sold mostly at \$5.50 to \$6.00 with a few above and below.

Hogs, 600 head. The market was active and steady to 35 cents higher than late last week. A top of \$10.50

was paid by all interests, the highest since the middle of September last year. The bulk of good to choice 180 to 250 pound butchers cashed at \$10.25 to \$10.50. Best 140 to 160 pound offerings, mostly \$8.00 to \$9.25; 160 to 180 pounds, \$9.25 to \$10.50; 260 to 325 pounds, \$10.00 to \$10.50. Packing sows shared in the advance and sold at \$8.50 to \$9.00 with a few above. Pigs sold mostly at \$6.00 to \$7.00 with a few culls below.

Sheep, 25 head; goats, none. The market was slow with scattered lots of matured shorn wethers and plain lambs unsold. Few plain stocker lambs brought \$5.00.

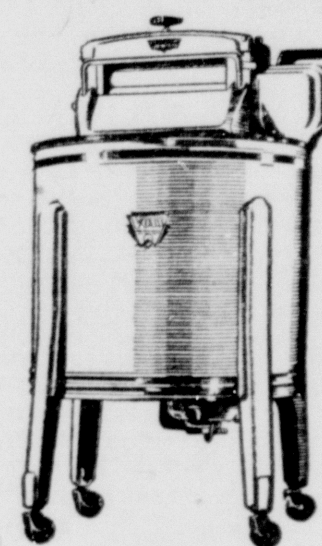

TO AMERICAN LEGION MEMBERS.

You are requested to be present at D'Hanis on Wednesday, May 26th, at 9 o'clock A. M., to participate in the parade. The parade will assemble at Old D'Hanis and, following the dedication exercises at the monument, proceed by conveyance, to old Fort Lincoln.—DR. O. B. TAYLOR, Post Adjutant.

MARRIED.

A wedding of interest to a large number of relatives and friends of the groom here was that of Miss Grace Braeshear of Pleasanton and Chancery King of Hondo, on Sunday, May 16, 1937. Chancery is the only son of Mr. and Mrs. V. P. King of Hondo and for the past several years has been employed in the County Agent's office at Jourdanton, Texas.

TRY Smokeless-BROILING

NO MORE SMOKE AND FUMES!

Gas Range broiling eliminates smoke and fumes because the controlled blue flame consumes it — and leaves your kitchen clean! It takes the flame to do it!

ON THE NEW GAS RANGE

You'll get the "broiling habit" once you've tasted the joy of cooking with the New Gas Range. Here's the secret of it: flame alone can consume smoke. So there's no smoked-up kitchen — your New Gas Range burns the smoke as it broils! See the new models on display — liberal terms and trade-ins — and ask about smokeless broiling.

Ambassador Dodd's Remarkable Warning of Fascist Plan for United States—Steel Workers' Strikes Started by the C. I. O.

By EDWARD W. PICKARD
© Western Newspaper Union.

Ambassador W. E. Dodd

WILLIAM E. DODD, American ambassador to Germany, has stepped into the limelight and the result may be embarrassing to him and to the administration. In a long letter to Senators Bulkley of Ohio and Glass of Virginia he urges all Democrats to unite in support of the President and thus avert a dictatorship in the United States. It was assumed he meant the President's Supreme court enlargement bill should be supported, since that is the measure that split the party in congress.

Dodd, former professor in the University of Chicago, said he had been told by certain friends that a man, American, not named, "who owns nearly a billion dollars," was prepared to set up a fascist regime which presumably he would control. There are not many American billionaires now, but no one has ventured to guess publicly the man Dodd has in mind.

"There are individuals of great wealth who wish a dictatorship and are ready to help a Huey Long," he wrote. "There are politicians, some in the senate, I have heard, who think they may come into power like that of the European dictators in Moscow, Berlin, and Rome."

Congressional leaders were quick to take up Dodd's assertion. Senator Borah of Idaho leading off with the declaration that the ambassador was an irresponsible scandal monger and a disgrace to his country. "I have an idea," said Borah, "that his supposed dictatorship is the figment of a diseased brain."

Senator Gerald Nye of North Dakota, radical, introduced a resolution calling upon the State department to demand that Dodd name the billionaire in question.

In the House Representative Fish of New York denounced Dodd, and demanded that he be recalled and forced to give the name of the man who is ready to set up a dictatorship.

This reaction in Washington led Ambassador Dodd to amplify his warning by a prepared statement cautioning against perils which would result from defeat of President Roosevelt's recovery program and reiterating the assertion that Americans of great wealth are looking toward Fascist rule; but he still disclosed no identities.

THERE were persistent reports in Washington that the Supreme court controversy would soon be settled by the resignation of at least two of the justices, Brandeis and Van Devanter, and possibly McReynolds and Sutherland. It was said friends of these men had urged their retirement "for the good of the court itself."

It was claimed that the President would be compelled to withdraw his bill if as many as two of the associate justices should retire, or else face defeat. Proponents of the measure, pending the return of Mr. Roosevelt to the capital, said there would be no compromise.

Senator Henrik Shipstead of Minnesota, Farmer-Laborite, returning to his seat after a long illness, declared himself flatly against the Supreme court enlargement bill; and his colleague, Senator Ernest Lundeen, another Farmer-Laborite, said he would not support an increase of more than two in the membership of the court.

PHILIP MURRAY, chairman of the steel workers' organizing committee of the C. I. O., called the first major strike in the campaign of Lewis and his associates to unionize the steel industry. On his order the employees of Jones & Laughlin Steel corporation plants in Pittsburgh and Aliquippa walked out after Murray had failed to get from the company a signed collective bargaining contract. The strike call affected 27,000 men. Thousands of pickets surrounded the Jones & Laughlin mills and kept non-union workers from entering.

The company announced its willingness to sign a contract if it might grant identical terms to non-union employees and declared its disposition to deal solely with any group that could poll a majority of its employees in an election supervised by the national labor board.

Next day the strike spread to the plants of the Pittsburgh Steel company at Monessen and Allentown, Pa., where 5,900 men went out. Murray said it was inevitable that the Republic, Youngstown, Bethlehem and Crucible steel concerns would be involved very soon.

There was considerable disorder at Aliquippa, and the police used

tear gas bombs to disperse the pickets. Governor Earle hurried to the region to help settle the trouble, and he ordered the sale of liquor stopped in western Pennsylvania areas affected by the strike.

Employees of Fisher Body and Chevrolet in Detroit returned to work pending a conference with the management; but the plants of those concerns in Janesville, Wis., were closed by a dispute over the status of 14 non-union workers. Their plants in Flint and Saginaw also were shut down, as was the Fisher Body plant in Cleveland.

John L. Lewis, head of the C. I. O., apparently killed any chances for peace with the A. F. of L. when, addressing the Lady Garment Workers' union convention at Atlantic City, he called President Green a traitor to organized labor and declared neither he nor any of the workers unionized in the C. I. O. campaign wants peace with the federation. Lewis charged that Green tried to prevent Governor Murphy of Michigan from settling the General Motors and Chrysler strikes.

TECHNICAL workers in the movie industry at Hollywood were disappointed when the screen actors' guild, settling its own troubles with the producers, refused to support their strike. But the C. I. O. took up their cause, assured them of active support and promised to place 340,000 men on picket duty in important cities throughout the country. At least, that is the assertion of Charles E. Lessing, head of the striking unions.

Lessing said the film boycott would be directed at theaters in industrial areas where unions are strong. He selected New York, Chicago, Philadelphia, Cleveland, Detroit, Pittsburgh, Minneapolis and St. Paul as key cities for picketing.

BRITISH royalty and the British government are at odds concerning the wedding of the duke of Windsor and Mrs. Wallis Warfield.

The duke wishes it to be public and officially supported by King George and Mary, the queen mother, with whom Edward discussed the affair by telephone. The cabinet insists the marriage should be strictly private and not attended by any member of the royal family except as a private person. Edward postponed the marriage until June at the request of his brother the king, and it is said he would yield to the demand of the government and have a private wedding; but Queen Mary and King George believe the ceremony should be public and recognized as a matter of "fair treatment" for the duke, and that his bride should be formally recognized as the duchess of Windsor.

"REMEMBER, this is the President's pet project. He wants the CCC made permanent, not extended for a two year period." So shouted Representative William P. Connery of Massachusetts at the members of the house. But the house would not heed the implied warning and voted, 224 to 34, in favor of giving the CCC, two more years of life. This was in committee of the whole, and next day this action was confirmed.

The senate, forgetting all about economy, approved, 46 to 29, an amendment to the second deficiency appropriation bill which commits the government to the expenditure of 112 millions on a new Tennessee river dam at Gubertsville, Ky.

REPRESENTATIVE DIES of Texas has proposed to congress that President Roosevelt call an international monetary conference for the purpose of seeking an equitable distribution of the world's supply of gold and silver. Specifically, he would have the conference:

1. Stabilize currencies on some permanent basis that would prevent wide fluctuations in their purchasing power.
2. Establish a bimetallic—gold and silver—base for the currencies.
3. Distribute the world's gold and silver supply more equitably so as to give each nation proper support for its currency and an adequate medium of international exchange.
4. Make available to the countries involved the raw materials they need.

TO SETTLE the long pension controversy between railroad operators and their employees, a compromise bill was introduced by Senator Wagner and Representative Cresser amending the railway retirement act. Fundamental concessions to workers include eligibility for pensions for employees absent on account of sickness, increases in death benefits, and authority to include prior service in calculating length of service upon which annuities are based.

IN RESPONSE to the recent request of a foreign government, reported to be France, the administration has taken the position that it will not permit the export of helium for military purposes abroad. The request was for a very large amount of the gas, presumably for a large airship, and investigation convinced officials in Washington that the nation asking it was planning no such commercial service as was performed by the German government with the ill-fated Hindenburg.

CLAD in a cloth of gold robe embroidered with colored emblems and lined with white satin, King George VI of Great Britain knelt before the archbishop of Canterbury in Westminster abbey and the prime minister placed on the monarch's head the crown which Edward never wore. Then the queen's crown was placed on the head of Elizabeth, and the two took their places on their thrones. At the same time all the assembled peers and peeresses donned their coronets, drums and trumpets sounded and the guns at the Tower of London boomed. This was the climax of the grand spectacle that had attracted many thousands of persons to London and that held the attention of the world for a few hours.

First of the day's events was the procession to the abbey, which was observed by vast throngs in the streets, windows and stands. It was two miles long. The lord mayor of London, gorgeously clad and carrying the city mace, arrived first at the annex built at the abbey entrance, and was followed closely by the speaker of the house of commons, representatives of foreign governments, the prime ministers of the dominions and the princes and princesses of royal blood. Next came Queen Mary, and then King George and Queen Elizabeth.

When all the fortunate ones entitled to places in the abbey had taken their seats, the ceremony began with the ancient "recognition" ritual; the archbishop of Canterbury presented the king to the people, and four times the throng responded with "God Save King George." After the rite of coronation and the actual enthronement of the monarchs the doors of the abbey were thrown open, George and Elizabeth, wearing their crowns and carrying their scepters, stepped into their coach, and the second grand procession made its slow way to Buckingham palace.

Every detail of the spectacle and ceremony had been rehearsed until all were perfect in their parts and nothing marred the performance upon which the British government spent about \$2,000,000. It really was a gorgeous show and no one begrudged the money it cost, especially as visitors to London spent probably ten times as much. Though in general ancient routine was followed, there were some notable concessions to modernity. For instance, the abbey was equipped with telephones and loud speakers. Another innovation, on the days before the coronation, was the stationing of companies of soldiers from the various dominions as sentries at Buckingham and St. James' palaces. Never before had this duty been entrusted to other than the British guards.

Throughout the British empire coronation day was celebrated with parades and banquets, and wherever on earth as many as two Britishers came together, George VI was toasted.

In a chateau near Tours, France, Edward, duke of Windsor, sat before a radio listening to a broadcast of the coronation ceremonies; and by his side was Wallis Warfield, his fiancée, for whom he surrendered his throne.

It was announced that Wallis had formally dropped the name Simpson and would be known as Mrs. Wallis Warfield.

GEORGE LEONARD BERRY, veteran labor leader who has been serving as President Roosevelt's "co-ordinator for industrial co-operation," whatever that may mean, is now United States senator from Tennessee, having been appointed by Governor Browning to fill out the term of the late Senator Nathan L. Bachman. He will serve until the regular election in November, 1938.

Mr. Berry, who is fifty-three years old, is one of the largest landholders in the South. He owns a weekly newspaper at Rogersville, Tenn., and the International Playing Card and Label company. He has been president of the International Printing Pressmen and Assistants Union of North America since he was twenty years old.

The new senator has been one of President Roosevelt's most ardent supporters, and was himself considered for nomination for the vice presidency in 1924.

BRAKES ARE MOST IMPORTANT SAFETY FEATURE.

Brakes have more to do with the safety of a motor car than any other feature of car designs, according to Pontiac engineers. Top speed is regulated pretty much by the efficiency of the brakes.

Brakes and the driver should act as one. In reality, brakes are but an extension to a driver's right leg. They muscular reactions just as accurately or a pair of skates strapped on his feet. If they do their job properly they must respond instantly and in perfect coordination with the driver's mental impulses.

Although the hydraulic brakes of a Pontiac car are not as impressive to look at as its 100 horsepower engine under the hood, however they are prepared to nullify and undo the work the engine does in building up speed in a fraction of the time that the engine required.

Considering the brakes from the standpoint of their power, Pontiac engineers point to what would happen if the brakes were no more powerful than the engine, and it should take as long to stop 4000 pounds of car and passengers as it does to accelerate them. In the interest of safety alone, then, car speeds could not be more than one eighth of their present maximum.

As a result of the necessity of stopping quickly, therefore, the engineers have made Pontiac brakes eight times as powerful as the engine. In other words, Pontiac brakes deliver 650 horsepower.

Utilizing the full energy of the 100 horsepower engine, it requires 35 seconds to accelerate from a standing start to 80 miles an hour. But as the engineers say, "No one would be willing to wait 35 seconds to come to a stop from 80 miles an hour and therefore speeds of 80 or 60 or even 40 miles an hour would not be safe at any time."

"At that rate more than 2000 feet or 4 of a mile would be required for the stop. Actually, on a concrete pavement, a Pontiac can be brought to full stop from 80 miles an hour in about 260 feet, which requires 4.12 seconds, or 1-8 of the time it takes to accelerate to 80 miles an hour."

"It is a law of physics and engineering that mass (weight) times velocity equals power or energy. Therefore, with the mass the same both for accelerating and decelerating, and the stopping time one-eighth as long, the power or energy of the brakes must be eight times as great as that of the engine or 650 horsepower."

Realizing the great power that can be called into instant use in these brakes, Pontiac engineers have sought to protect them and maintain their effectiveness regardless of weather conditions.

Recognizing that drivers are more at the mercy of their brakes in wet weather, an endless train of designs was tested, changed and retested until 100 per cent protection was assured. "The Pontiac engineers call them 'triple-sealed' because the drums and mechanism are protected in three ways by bending the drum flanges, forming a gutter around the opening and placing a 'U' shaped stamping around the backing plate. In this way, it is said, no water, dust or dirt can get inside to interfere with the quick and correct action of the brakes."

THE GRASSES.

The winter's dismal landscapes pass
Out of the dreary
Into the cheery,
With spreading plots of living grass.

The springtime's soft mantle of green—
Enchanting sight
That gives delight,
And makes the soul of man serene.

Graceful grasses everywhere,
Tones of rarest green
Tinge of rose between,
With purple, silver, mingling there.

The rustling corn, the golden wheat,
Fields redolent
With fragrant scent
Bring happiness and joy replete.

In valley and on fertile plain,
Stretches of yellow
Wave soft and mellow
With a bountiful yield of grain.

Hills and vales in verdure clad,
The mountains, too,
Dripping with dew,
And nature's countenance is glad.

The scintillating morning dews
On silver grass
All arts surpass
That hand of man can paint in hues.

'Mongst all the products of the earth
Nothing surpasses
The fruitful grasses
As single source of native worth.

The howling wind, or driving rain,
Makes grassless land
More shifting sand,
And civilization will wane.

"GINGER JANE" IN NEW ROLE AS SEAGOING PANIC.

Man the lifeboats!
Run up the storm signals!
"Ginger" Jane is in the Navy now, as the rollicking star of "The Holy Terror," the Twentieth Century-Fox riot of fun showing Monday and Tuesday at the Colonial Theatre.

Laughable, prankish, riotous—a whirlwind of mischief, excitement and joy—that's Jane Withers, in the starring role which makes her the joy of the midshipmen, and the despair of the Admirals. Aided and abetted in the gayest fun-fest of her madcap career by Anthony Martin, Leah Ray, Joan Davis, El Brendel and Joe Lewis, the angel-faced imp sings her way into trouble, and dances her way right out again. As the pet of the Navy Air Base, Jane Withers gets into such mischief that Anthony Martin, a sailor, is assigned to look after her. And then the fun begins.

THE WAY OF SALVATION.

By Rev. J. T. Horgor.

ARTICLE NO. 31.

First Pet. 1: 15-16, "But as he which has CALLED you is holy, so be ye holy in all manner of CONVERSATION." The word "called", in the above, stands, as it does in several other Scriptures, for the effective call to regeneration, and means that they were ready to undertake the life of holiness, although not spiritually prepared therefor until they receive the baptism with the Holy Ghost. Then the word "conversation" takes the old time meaning "conduct of life". So Peter commands that we practice holiness in all manner of conduct. 1st. Pet. 1: 22-23, "See that ye love one another with a PURE heart fervently: Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever." We grant the wicked may have at times, with reference to certain things, a pure motive or a clean purpose; but no one ever loved fervently with a pure heart until their heart had first been PURGED and RENEVATED by the baptism with the Holy Ghost and fire. That is God's remedy, the ONLY remedy, to cleanse the innate fallen heart.

1st. Pet. 1: 23, "Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever." 1st. Pet. 2: 1-4, "Wherefore laying aside all malice, and all guile, and hypocrisies, and envies, all evil speakings." Note that the foregoing sins were not acts of transgression but the harboring and exercise of evils of temperaments and dispositions. These principles should be disposed of before they lead to actual transgressions and heinous crimes. He continues, "As newborn babes, desire the sincere milk of the Word, that ye may grow thereby: if so be ye have tasted that the Lord is GRACIOUS." That is, if indeed ye know the joys of regenerating grace. Also, we will say, a growth in grace is always in order from the time we are born of the Spirit until we pass through the pearly gates. 1st. Pet. 2: 4-8, "To whom coming, as to a living stone, disallowed indeed of men, but chosen of God, and precious, ye also, as lively stones, are built up a spiritual house, and holy priesthood to offer up spiritual SACRIFICES, acceptable unto God by Jesus Christ." Now these first eight verses outline a Spirit-born church, worshipping God. Peter holds them as a holy priesthood, offering up spiritual SACRIFICES of prayer, praise and thanksgiving, which would naturally include testimony and preaching.

God, under Moses at Mt. Sinai, 1490 B. C., ordained a PRIESTHOOD to carry on the services of the Old Testament, which was full of types and shadows, symbolizing many principles, which God designed to constitute the New Testament standards of salvation. And when God had Moses to build the Tabernacle it had an outer court, a holy place, and a MOST holy place. The outer court symbolized the unsaved state; the holy place symbolized the regenerate state; and the MOST holy place symbolized the sanctified state. And there were two kinds of priests: first, the common or under priest, who cared for the services of the holy place only, which was typical of the state and service of the regenerate phase of the church. And it is plain that Peter realized that these "new-born babes" constituted a holy priesthood, capable of carrying on the regular services. So, this Holy priesthood described by him in 1st. Pet. 2: 5-8, is no more or less than a regenerate church in a healthy state of worship. These terms of a priesthood, as a rule, are not familiar to the Protestant people, and few of them have studied the two-fold priesthood of the Old Testament symbolism to know what phases of the New Testament church was symbolized by that God-ordained priesthood.

Next, 1st. Pet. 2: 9, Peter steps into a description of a high priesthood seemingly of the same people, without making mention of the baptism with the Holy Ghost and fire, which the Scriptures in general show must occur before the Spirit-born can be transformed into the high priesthood referred to by Peter, when he spoke as follows in verse 9: "But ye are a chosen generation, a ROYAL priesthood, a HOLY nation, a PECULIAR people; that ye should shew forth the PRAISES of him that hath called you out of darkness into his marvelous light." We note that this last was a royal, a kingly priesthood, which in the Old Testament was headed by Aaron and commanded by Jehovah to be clothed in an attire, or regalia, significant of the royal high priesthood, which regalia symbolized the rich, adorning grace of the baptism with the Holy Ghost and fire. I tell you when any people, no matter how well educated or profound in THEIR viewpoints of theology, LEAVE OUT the doctrine and experience of sanctification, wrought instantaneously by the Holy Ghost and fire, they fall far below the New Testament standard of a full salvation, and drag the glorious banner of true Christianity in the dust of a half-hearted churchness to the disgrace of the kingdom of God, which tends to the overthrow of faith, the destruction of piety, the onslaught of character, and the damnation of multiplied millions in the earth.

But we want to note the DIFFERENCE in the KINDS of service rendered by the holy priesthood of "new-born babes", and that of the royal priesthood—a peculiar people. Peter says that the new-born babes are lively stones, a spiritual house, a holy priesthood, to offer up SPIRITUAL SACRIFICES. Note that these sacrifices were SPIRITUAL, not LITERAL; but even SPIRITUAL SACRIFICES imply self-denial, cross-bearing, suffering, bleeding and dying. What? Christians dying by and through the act of worship? No sir; not a bit of it. But new-born babes, according to God's Word, have

the carnal mind, "the old man", remaining in the heart of the Spirit-born, and he is so closely identified with the heart that the unsanctified often suffer with him. I mean that when the new-born babe begins to pray in public or to render a testimony of thanks and praise to God for their personal salvation, or any other blessing they may have received through His grace, it causes humiliation, crucifixes vain pride, but "the way of the cross leads home". And then, if the unsanctified are called to preach and most MEN especially are unsanctified when first called to preach, Jesus' apostles, both the 12 and the 70, were unsanctified when called to preach. But many, when first called to preach, like Jonah, run the other way, seeking some secular hiding place. What is the matter with all these spirit-born, unsanctified worshippers, many of whom never learn to pray, testify or preach in public? Well, the presence, resistance and power of the carnal mind, "the old man", like Shimei—2 Sam. 16: 5-13—who followed David when he was in a strait, cursing and throwing dirt on him; just so, under the dirt slinging of "the old man" new-born babes HAVE to render their worship in SPIRITUAL SACRIFICES unto God, which becomes acceptable through Christ our Saviour.

But what kind of service does the royal priesthood, the peculiar people, render to God? 1st. Pet. 2: 9, says, "They shew forth the PRAISES of Him who hath called them out of darkness into His marvelous light." Yes, not SACRIFICES but PRAISES. It is a marvelous wonder to note the stream of thanksgiving, honor, and praise, and glory to God, that usually flow from the lips of the truly sanctified. And then the life of righteousness, which is the legitimate result of a life filled with the Holy Ghost, surrendered to God in true holiness is but a VOICE of PRAISE unto our blessed Redeemer.

SOMETHING TO THINK ABOUT.

During a recent survey to determine chemical resources, soil samples from 48 states were tested, under the direction of Dr. Jacob G. Lipman, Chief of the Division of Soils and Crops at the New Jersey Agricultural Experiment Station. It was calculated that nitrogen, vital to plant life, will be exhausted from the soil within 224 years, sulphur will have disappeared by 2062, and "the eventual result will be a Chinallike famine in the richest country in the world."

The soil nutrient losses were blamed on erosion, leaching, harvesting, live stock, burning and the rapid oxidation of organic matter in the soil. The obvious conclusion is, that if control measures are not instituted, agriculture in the United States must eventually die of its own neglect, and the population will follow suit. Control measures recommended by the Department of Agriculture are, cover crops, erosion control, nitrogen fixation and proper fertilization. The producers of this county have shown excellent cooperation, with the programs in erosion control and to those who are interested I'd like to announce that new rotary scraper has been added to the County terracing equipment, and we will be able to give more satisfactory service. Besides terracing, we will assist as far as possible, in the construction of tanks and trench silos at a very reasonable charge. Anyone wishing this service may make application for it at the County Agent's Office.

Some news notes and advertisements reprinted from The Hondo City Quill of May 30, 1890: The Ladies' Aid Society will give an entertainment tonight at the residence of Mr. R. A. Harper, to which all are invited. The admission price will be ten cents and a good time is promised to all who attend.

Mr. George Carle, of Dunlay, was presented with a bouncing baby boy last Monday and is as proud as a prince. The little one just came in time to be on hand when the census enumerator comes around.

Roll of Honor.

For the week ending May 23rd, the following pupils were punctual in attendance and perfect in recitation and deportment:

George Bailey, Julian Bailey, Stanley Crabtree, Harper Fly, Chas. Graff, Willie Harper, Henry Merriam, Mattie Moeur, Mamie Reynolds, Mary Richardson, Joseph Shaw, Maud Scholl, Johnnie Kokernot, Frank Tevebaugh, Willis Wilkey, Annie Woolls, Fannie Woolls.

This list will be revised weekly.

T. G. WOOLLS, Principal.

Mr. I. N. Hall is one of the new comers to this section and he bought a place just southwest of town last January. He has since been improving the place and among other improvements began digging a well. Last Monday at a depth of fifty-five feet he opened a vein of water and now has an inexhaustible well on his place. He is the first to get water in that section and the impression has always prevailed that no water could be found there. There are several parties in the same neighborhood who are now digging wells and they are now throwing up the dirt with renewed vigor since they have heard of Mr. Hall's good fortune.

Roasting ears in two weeks.

The cotton in this section is now knee high and is in fine condition, which promises a good yield. J. W. Miller will "fire" a car load of cattle into the New Orleans market this week.

The school trustees have been busily engaged for two weeks past in taking the scholastic census. The roll shows an enrollment of eighty-five white and fifty-four colored children, between the ages of eight and sixteen. Last year the rolls showed ninety white scholars in this district. If there are any parents who have not yet enrolled their children they should attend to the matter immediately, as the rolls will have to be sent in by the first of June.

Louis Neuman boarded the train last Monday evening to go west and grow up with the country.

Mr. and Mrs. Eugene Bohl went to Castroville Saturday evening to enjoy the feast of Pentecost with relatives.

Rev. J. A. Hammond and wife were here several days during the first part of the week. They were guests of Dr. and Mrs. J. K. Moeur. Capt. A. P. Sale has returned from San Antonio, where he has been doing the U. S. court. He will now take up his old position, and his face will look as natural as ever in the bay window.

Ed. Kauffman had his "yaller" dog killed by a locomotive last Monday and is now waiting for the arrival of the stock claim agent to settle up. This dog was of the "yaller cur dog" species and was considered the best of his kind in the world. A check for about \$10,000 would probably alleviate Ed's injured feelings.

MILLINERY AND DRESSMAKING

Miss Ortilla Christilles has opened up a Millinery store at Mrs. Thumm's Boarding house, and invites the ladies

of this town and section to call and examine her stock, which consists of all the latest novelties and spring fashions. She is also prepared to do dress making and all plain sewing, and will teach all kinds of fancy work. Her prices will be moderate.

A VERSE FOR FLOWER LOVERS.

The near approach of spring and flower planting time reminds The Progressive Farmer of the following beautiful paragraph that all flower lovers love to treasure, from Olive Schreiner's FROM MAN TO MAN:

"Sometimes when I am walking in my garden and I see the peach tree covered with blossoms in the corner and the roses and lilies growing all around, and the grapes hanging from the gable, and all the small flowers sending out their scent, the feeling comes to me, and I want to say—'To all the gardeners that have been before me—to the little old first mother, who scratched earth and put in roots and grasses—to Chinaman and Persian and Egyptian and Babylonian and Indian, and men and women of races whose names I shall never know, without whom I should never have this beauty—Thanks!' And sometimes as I work there I feel as if they were working beside me and the garden belongs to them and me."

D'HANIS, TEXAS, WEDNESDAY, MAY 19, 1937

D'HANIS P. T. A.

The D'Hanis Parent-Teachers Association met in the High School Auditorium on Thursday evening, May 13, for the annual installation of officers.

The program opened with two vocal solos, "Did You Remember?" and "Little Old Lady", by Miss Ethelyn Ney of Hondo, with Miss Lillian Brucks at the piano. The installation was conducted by Mr. W. N. Saathoff of Castroville, who followed this with a talk on "The Home's Place in the Community". Mr. L. C. Ramsey, Jr., whistled "The World is Waiting for the Sunrise", accompanied by Mrs. J. J. Love.

The members served cake and iced tea to those present.

GRADUATION EXERCISES.

The graduation program of D'Hanis High School will take place on Friday evening, May 21, in the School Auditorium.

SHOWER FOR MISS BATOT.

Miss Hilda Batot, a bride-elect, was honored with a miscellaneous shower and tea at the High School auditorium Sunday afternoon. A color scheme of green and yellow was followed in the decorations and refreshments. The following were hostesses: Mesdames Martin Nester, Thomas Koch and William Ziegenbalg, Misses Ruth and Marjorie Nester, Emma Ziegenbalg, Alma, Clara and Irene Batot.

PLANS COMPLETE FOR CELEBRATION.

At the general meeting of the D'Hanis Fort Lincoln Historical Association plans for the celebration to be held here on May 26 were completed. It was announced that the following had accepted invitations to speak on this occasion: R. W. Archer and H. H. Ochs of the San Antonio Chamber of Commerce, H. E. Haass of Hondo, and W. N. Saathoff of Castroville.

One feature of the parade which will form after the dedication of the monument at Old D'Hanis, is the group of descendants of the original families. There will also be other historical, as well as commercial and civic, entries.

BRIDGE CLUB.

Mrs. John Zinsmeyer was hostess to the Bridge Club last Thursday afternoon. A variety of spring flowers decorated the rooms. Guests for the afternoon were Mesdames Chas. Schuehle, Hy. Muennink, M. A. Zinsmeyer, Jos. Rieber and Alf. Zinsmeyer and Miss Lorene Zinsmeyer.

Prizes were awarded to Miss Cornelia Koch, high member, and to Mrs. M. A. Zinsmeyer, high guest. Mrs. Hy. Muennink received low score prize and Mrs. Herman Ney drew high for consolation.

A delicious salad course was served by the hostess. Others present were Mesdames Ben Koch, Eric Rothe, Hy. Biry, Ed. Finger, Ferd Rothe, A. J. Finger, Chas. Langfeld and John Rieber and Miss Tina Rothe.

Ten commercial failures occurred in Texas during December, 1936, a drop of 41.2 per cent from the month before and 61.5 per cent from the like month last year, the University of Texas Bureau of Business Research has announced. For the entire year, 1936 there were 178 failures 32.1 per cent less than for the preceding year. Liabilities of the bankrupt firm totaled \$155,000 in December, 28 per cent under the previous month and 66 per cent below December, 1935. For the entire year liabilities, \$2,134,000, were 46.6 per cent less than for 1935. These figures were compiled by the Bureau from statistics gathered by Dun and Bradstreet, Inc.

HOUSE JOINT RESOLUTION.

H. J. R. No. 23.

Proposing an Amendment to the Constitution of the State of Texas to be known as Section 20 of Article VIII, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1939; providing for an election on the question of adoption or rejection of this Amendment; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows:

"Section 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value nor shall any Board of Equalization of any governmental or political subdivision or taxing district within this State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three per cent (3%) discount on ad valorem taxes due the State or due any governmental or political subdivision or taxing district of the State if such taxes are paid ninety (90) days before the date when they would otherwise become delinquent; and the taxpayer shall be allowed a two per cent (2%) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1%) discount if said taxes are paid thirty (30) days before they would otherwise become delinquent. This amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the proper administration of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the 23rd day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have a printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing, that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

If it appears from the returns of

said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

Secretary of State.

A JOINT RESOLUTION.

H. J. R. No. 24.

Proposing an amendment to the Constitution of the State of Texas, amending article 16, section 61, providing for the abolishing of the salary method of compensating all district, county, and precinct officers of this State, and further providing that such officers shall be paid in such manner and on such basis as may be prescribed by the legislature; providing for the submission of this amendment to the voters of this State, providing for proclamation of said election by the Governor; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 61 of Article 16 of the Constitution be amended so as to hereafter read as follows:

"Sec. 61. All district, county, and precinct officers shall hereafter be compensated in such manner and on such basis as may be prescribed by the Legislature."

Sec. 2. The foregoing constitutional amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the fourth Monday in August, 1937, at which election all voters favoring said proposed amendment shall write or have printed on their ballots these words:

For the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all district, county, and precinct officers."

And those opposed shall write or have printed on their ballots these words:

"Against the Amendment to the Constitution of the State of Texas so as to authorize the legislature to fix the manner and basis of compensation for all district, county, and precinct officers."

Sec. 3. The Governor of the State is hereby directed to issue necessary proclamation for said election and have the same published as required by the constitution and existing laws of the State.

Sec. 4. The sum of five thousand dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

HOME ON THE RANGE.

These Hopi Indians might well be preparing for a Saturday night bath, but the squaw in the picture knows the single pail of water is only for drinking purposes. Pure drinking water was hard to get on this reservation in New Mexico until the Re-

hoboth Mission purchased this modern steel water tank. Now each family receives a daily supply delivered by the mission.

The Hopi still live in adobe or mud huts little better than those of their ancestors. They are extremely camera-shy, but the driver of the water tank had little difficulty in securing this picture.

COLUMBIANRed Top GRAIN BINS

You Pay for Them Once — They Pay for Themselves Over and Over Again

for SAFE LOW COST STORAGE

This is the year to make big money on your grain by storing it in a Columbian Red Top Grain Bin and waiting for highest prices. The extra profit this first year may pay for your bin — and it will last 15 to 30 years.

And besides making extra money you'll save the big expense of storing your grain in terminal elevators. You won't ever have to dump grain on the ground. You'll have a safe, rat-proof, weather-tight, fire-safe place for storing everything.

These popular bins are easier to erect. Deep horizontal wedges give double strength. Come in and see for yourself.

Available in the following sizes: 600 bu., 1000 bu., 1350 bu., 1600 bu. and 2150 bu. Other bins up to 7500 bu. capacity.

RED BOTTOM STOCK TANKS

WARRANTED FOR 5 YEARS—Be prepared for this summer. Have plenty of water for your stock at all times with these strong and durable Red Bottom Stock Tanks. Made in both round and round end styles with patent tube top, reinforcing triple swedges, double lock seam bottom. We recommend these tanks above all others. Come in and get our present low prices.
